MOOD:  entertained

MUSIC: Kate Bush - There Goes a Tenner

I fear that for the rest of my life, whenever I make pancakes and am hovering over the griddle waiting for the moment to turn them, I will hear my pal  [cvillette](https://cvillette.livejournal.com/) (https://cvillette.livejournal.com/)'s voice at my shoulder, saying, "Ready...pounce!"

Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

There's a legacy I can live with.

Well, the other voice I can hear is Rod Serling's. And he's saying, "Imagine, if you will, a universe in which Daphne Worth owns a whisk."

I dunno--even for *Twilight Zone*, that's a little freaky. *g*

I just told her your suggested strategy.

She laughed. I take that to mean she has her doubts about my choice of beard. *g*

(They came out yummy this time, too, by the way. Yayy!)

Yay!

Next time, put fresh fruit in them. All kinds.* Identical process. Slightly longer cooking time.

*Maybe not pineapple.

What happens if I use pineapple?

(Because you realize when you say that, I assume it will blow up the kitchen. Even though I know perfectly well it will not blow up the kitchen.)

I suspect it might be too slippy/juicy.

Watermelon might not work great either.
